Surveyor Genl's Office  
Cincinnati June 19. 1834

Sir,

In compliance with your instructions of the 10<sup>th</sup> Inst. I transmit you, above, a diagram of Sec. 12. T.5.N. R.4.E. 2<sup>nd</sup> Mer. exhibiting, by calculation made from the length of the lines as given in the field notes, the true contents of each of the fractions into which this section is divided by the old Indian boundary line, to wit; the north fraction A. 285.83 - the south fraction A. 356.61.

The lengths of the lines given on the diagram correspond with the original notes of the respective surveys on file in this Office.

It would seem probable that the contents of these fractions as shown on the Records were transposed in the entry when the original plat of the township was made.

Elijah Hayward Esq  
Comt. Genl Land Office

Respt. Yours Obedt Servt

True Copy Jared Mansfield  
Sur. Gen.

# TOWNSHIP N. V NORTH RANGE N. IV EAST

Pursuant to a Contract with and Instructions from Jared Mansfield Esquire Surveyor General of the United States bearing date the 14th day of June 1857 I have measured laid out and surveyed the above described Township and do certify that it has such marks and bounds both natural and artificial as are represented on the plat and described in the field notes made there of and returned with this plat into the Surveyor General's Office.

Witness my hand and seal this 17th day of June 1857

Wm. Harris D. S.
